### RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450

Sir:

This is in response to the outstanding Office Action dated June 16, 2003 in the aboveidentified application. Claims 1-22 are currently pending in the application.

In the outstanding Office Action, the Examiner required restriction of the application to one of the following two groups of claims: Group I including claims 1-21; and Group II including claim 22.

Applicants respectfully traverse the restriction requirement. Applicants submit that claims 1-21 are not properly restricted from claim 22. More particularly, Applicants respectfully point out that the features of claim 22 are similarly recited in claims 1-21.

Applicants further submit that separating the claims into the separate groups identified by the Examiner will result in an unnecessary duplication of examination and prosecution effort, and will therefore be inefficient for the U.S. Patent and Trademark Office as well as for Applicants.

Notwithstanding the above traversal, Applicants provisionally elect the claims of Group I, that is, claims 1-21, for prosecution on the merits.

Date: July 16, 2003

Respectfully submitted,
